

# COMPETITION GRADUATING POVERTY WITH BISP (BENAZIR INCOME SUPPORT PROGRAM)

The task in hand would be to evaluate the potential to produce any type of products and to help in marketing/selling the product produced by beneficiary with assistance of University Poverty Graduation Buddy & BISP Management. A panel of judges who would then choose the best graduation models & award the students accordingly.

## About The Program

- BISP is primarily focused towards poor and marginalized women across the country. We are able to identify that these women have many talents however they face several challenges to contribute to their societies.
- The challenges include lack of information, lesser ability to understand markets and exclusion. In this program “University Poverty Graduation Buddy/Partners” will be produced.
- Under this program, the university students will get introduced to BISP beneficiaries. One student will pair up with one BISP Beneficiary.
- Best Graduation models will be selected and winners will be awarded with the prizes.
