1. All the Real Time- Online theory examination will be hosted at CTS system of the University.
2. It is entire the responsibility of the students to make arrangements of stable internet connectivity and associated logistics throughout the online examination period as per the notified date sheet.
3. The examination will be conducted ONCE REAL TIME regardless of student's failure to join or attempt or complete the real time-online examination, or failure of either internet/electricity during the stipulated time of examination.
4. Those students who will anticipate issues surrounding availability of internet / electricity will apply at least ONE WEEK before the examination to the concern Dean via email. If their issues will be considered genuine, they will be offered to appear in an online examination at their respective campuses under Physically Invigilated Environment at UVAS.
5. As the UVAS-CTS system is time-bounded, therefore, the window of CTS examination will be shut down automatically after stipulated time is over.
6. If answers of question paper of two or more students will be found similar, the teachers can mark the students as "Fail" and send their case to the controller of examination to proceed as per UVAS rules.
