

Event Compilation Report

(2021-2022)

Scen is a Society for Conservation of Environment and Nature, it's a non profit organization and non political society that empowers students to participate and take up meaningful environmental activities and projects. A step to spread awareness among people to change their negative attitude towards nature. basically a forum where students exchange ideas and reach out communities to promote environmental stewardship. the society empowers students to continuously strive for a cleaner, greener and healthier environment.
