

FREE DEWORMING & TREATMENT CAMP 2020

EVENT REPORT

SAVERS a student based non profitable and non-governmental organization under the Flag of **UVAS, Lahore** organized a **Free Deworming & Treatment Camp'20** on **29th February, 2020** at **Sitarwala Village & Bhagiawala Village.**

Main Purpose

The main objective of the camp was to give the field exposure to our newly enrolled students in DVM. Students from other batches of DVM also joined them. They had an open opportunity of hands on practice.

The students were given lecture on importance of deworming. They were informed about how to take general and physical examination as well as about history taking. Administration of IV, IM & SC medication was also demonstrated to the students.

Camp Activities

In the start, **Dr. Muhammad Awais (Assistant Professor at UVAS/ Incharge Sitarwala Clinic)** delivered the lecture on the importance of deworming and guide the students about the usage of dewormers. We are also very thankful to Dr. M. Awais for arranging dewormers for the society on such a large scale. During the whole day activity, we achieved a healthy target and dewormed 650 animals including both large and small ruminants.

Thanking Note

It was all possible because of the worthy **Vice Chancellor, Senior Tutor, Society Convener** of the campus who always give the opportunities to the students for these kind co- curricular activities. Society is also grateful to the pharmaceutical companies (**GHAZI BROTHERS, HILTON PHARMA & SELMORE**) for the dewormers and medicines which played an important role in making the event possible.
